

TAE RYONG PARK ACADEMY

Proudly serving the Pembina Trails School Division for over 25 years!

A CONSTRUCTIVE ALTERNATIVE TO TRADITIONAL DAYCARE!

The TRP Academy's After School Program provides children with a fun and exciting after school experience while they learn martial arts skills and martial arts-related values. Established in 1993, our programs are designed to help children build focus, confidence, discipline and leadership while receiving the care they deserve.

TRP After School Program is a great way to end your child's day after hours of sitting at school. We will pick up your child from school and provide daily exercise and martial arts training to help them re-energize, build positive habits and finish the day productively - all before you are done work.

**DAILY FITNESS &
MARTIAL ARTS LESSONS**
